

LOCAL NEWS.

RIVER NEWS.—A heavy fog prevailed on the river last night and this morning considerably impeding navigation, and rendering it necessary for the steamers moving up and down the river to ring their bells and blowing their whistles continually. The fog bell on the wharf of the Potomac Ferry Company had also to be rung when the steamers of that line were making their landings. The steamer Lady of the Lake from Norfolk, due here yesterday morning, was delayed by the fog until last night, and the Philadelphia steamers New York to have started yesterday and E. C. Biddell to have started today, are still lying in their berths waiting for clear weather. The Maryland ferry boat Virginia, made another trip to Washington today. There was not a single vessel lying at the dock this morning with oysters on board. One came up yesterday evening but went on to Washington.

CITY AND COUNTY SUPERINTENDENT.—It will have been seen that Mr. R. L. Carney, principal of St. John's Academy in this city, has been re-appointed and confirmed as city and county Superintendent of Public Instruction, and a better selection, as the important position, could not have been made. Fully capable, enthusiastic in the cause of education, and remarkably energetic, he has discharged the duties of his office with entire satisfaction and is justly regarded by the State Superintendent and the Board of Education as one of the most efficient superintendents in the State, and one whose opinions and suggestions are always respected and frequently acted upon.

MAYOR'S OFFICE.—Henry Berry, colored, for permitting unlawful gaming in his restaurant on King street, above Henry, was dismissed as the charge was not sustained.

Le Loux. colored, for disorderly conduct, was fined and discharged.

An order was issued and executed by officer Crump, with the consent of the owner, directing the shooting of a dog belonging to Mr. Samuel Jefferson, for biting a little child, the daughter of Mr. Thomas Knud.

NIGHT REPORT.—Night dark cloudy and foggy. There were no disturbances nor any arrests. Two lodgers but no prisoners were at the station house.

Y. M. C. A.—The 19th anniversary of this association occurs next Thursday, the 15th inst. It is the purpose of the association to celebrate the occasion with appropriate services, for which they are now making extended preparation. The Singing Association of Alexandria, composed largely of members of the Christian Association, together with many of the best vocalists of the city, will conduct the singing, and have in preparation several very fine voluntaries. In addition to the congregational music, addresses from ministers, members of the Bar and others will make up the programme, which will, no doubt, make the evening both pleasant and profitable.

ALEXANDRIA AND WASHINGTON RAILROAD BRIDGE.—It is understood that the statement contained in an article taken from the Washington Star and republished in the Gazette, yesterday evening, respecting the condition of the bridge of the A. & W. R. across the Potomac is entirely incorrect, and that the bridge alluded to is perfectly safe—so safe that the officers of the A. & W. and O. A. & M. roads, who have inspected it, have no hesitancy whatever in allowing their trains to pass over it continuously. A new inspection was made today by competent engineers and certificates of its safety issued.

CHURCH RE-UNION.—A service somewhat novel in this community, but which, no doubt, will be very interesting, will take place at the Methodist Protestant Church, next Sunday. The pastor, Rev. B. F. Benson, announced it last Sunday, as a "Re-union and Memorial Service," and extended a cordial invitation to all who at any time in the past were associated with the church or congregation to attend. It is understood that the sermon both in the morning and at night, will be chiefly memorial of that church—recalling its history, and reviving the memory of the good people who have lived and died in its communion.

FIREMEN'S AFFAIRS.—A handsome set of wooden wheels, turned out from the coach factory of Mr. John Summers, was put on the steam fire engine Hydrant today.

The annual election of the officers of the Columbia Fire Company will be held to-night. Previous to the election the Chief Engineer of the City Fire Department, Mr. E. S. Leadbeater, will present the company with the pipe of the old Star engine, used at the fire at Turner and Dowell's store, inscribed upon which were the names of the firemen killed at that fire.

DISAPPOINTED.—A crowd of about one hundred colored people assembled at the jail yesterday evening to witness the marriage of a colored prisoner with a girl at whose instigation he had been committed. The preacher, too, was on hand, and the prisoner was ready, but the girl failed to make her appearance, and the disappointment experienced in consequence was by no means slight.

ALARMS OF FIRE.—The alarm of fire about six o'clock yesterday evening was caused by the sudden rising of a black and smoky looking cloud west of the city.

The alarm about ten o'clock last night was caused by the burning of a window curtain in the second story of the building on King street occupied as a restaurant by Mr. Fritz Schneider.

FOUND DEAD.—Mr. Enoch Foley, a merchant of Waterfall, Prince William county, Va., was found lying in the road leading from Hopewell to his home, on Monday last, dead, and with his head terribly mashed. It is supposed that he was thrown from his horse. He leaves a large family.

AN AGREEABLE AFFAIR.—Some of the young gentlemen of the West End neighborhood gave an entertainment last night at the house of Mr. C. Angur, which was very numerous attended and which is said by those who were present to have been one of the most agreeable affairs of the season.

BOYS TAKE NOTICE.—The Committee in charge of the Young Men's Christian Association Night School, have decided that desks occupied by boys before the holidays, and not claimed by them on or before Monday night next, will not be reserved for them, but will be given to new scholars if applied for.

ALEXANDRIA WASHINGTON LODGE.—As will be seen by reference to another column of today's Gazette, a committee of the members of Alexandria Washington Lodge of Free Masons, advertise for proposals for the re-erection of their lodge building, destroyed at the Market House fire last spring.

ARRESTED ON A BENCH WARRANT.—J. P. Lyons, of Guilford station W. & O. R. R. indicted at the last term of the U. S. District Court held in this city, was arrested on a bench warrant yesterday and brought here, and bailed for his appearance on the 23d inst., when an adjourned term of the Court will be held.

MR. ROBERT JACKSON, aged about 75 years, and for a long time a resident of Fairfax county, Va., was killed instantly on Tuesday last, by being thrown from a colt.

CORPORATION COURT.—Judge E. M. Lowe presiding.—After the opening of the Court, L. B. Taylor, esq., presented the resolutions adopted at a previous meeting of the bar (heretofore published in the Gazette) respecting the death of the late Col. G. W. Brent, at the same time making a brief review of the life and character of the deceased. Col. M. D. Ball and Messrs. H. O. Claughton and Albert Stuart also addressed the court in feeling and appropriate remarks. The resolutions were then directed to be spread upon the minutes of the court, the Judge paying a handsome tribute to the memory of him whose death was so generally mourned.

John T. Evans vs. B. T. Plummer, assumpsit attachment, jury and verdict for the petitioner Samuel H. Heffner.

Commonwealth vs. Samuel Day, colored, on an information for permitting unlawful gaming at his ordinary; special plea filed, demurrer to plea, demurrer sustained, plea not guilty, jury sworn and case in progress, at 3 o'clock, when this report closed.

BEHIND TIME.—The Harrisburg train was twenty-five minutes behind time at Manassas Junction yesterday evening and consequently was two late to connect with the through train. It came on down to this city, however, arriving here a little after the usual time.

THE CROPS.—Gentlemen just from the Thoroughfare neighborhood report that the wheat crop in all that section of country presents a more unfavorable appearance now than it has done at this season for many previous years.

STREET LAMPS.—Complaints are made of the condition of the street lamps, the glass in many of which is said to be broken, while there are others, owing to the want of cleaning, hardly allowing the light to shine through.

HEAVY FOGS have prevailed on the river for several nights and mornings. They make navigation difficult, and the steam boats have to keep their whistles in motion, to ward off collisions.

Rare Opportunity.—Owing to unfavorable pecuniary circumstances, one of the most extensive New York Clothing manufacturers has sent to the

SARKEPTA CLOTHING HALL OF I. SCHWARTZ & CO., an immense lot of the best quality of Beaver and Clinchville Talmas and Capes for their disposal at a great sacrifice.

Don't miss your chance, but call at once at the Sarkepta Clothing Hall.

S. DEALHAM, Head Manager.

ACKNOWLEDGEMENTS.—The Young Men's Christian Association most gratefully acknowledge the receipt of the following contributions for the relief of the poor: From J. G. W. & Son, Mrs. D. S. S. M. J. & S. R. S. a friend, S. M. J. & S. R. S., one bundle clothing; Dr. B. Brown, two valuable bundles of bed clothing.

The members of the Columbia Fire Co. No. 4, are requested to meet at their hall, on Thursday evening, January 11, 1872, at 7 o'clock. By order of the President.

P. S. The attention of the members is called to article XIII., sec. 2, of the constitution.

The Wharton Trial.

ANNAPOLIS, Md., Jan. 11.—The court met at 10 o'clock. Dr. Josiah Simpson was called: Is a surgeon in the United States army; has known Mrs. Wharton twenty-nine years, during which time she has enjoyed a high reputation for amiability and humanity; read the hypothetical statement of the defence; examined it carefully and found no indication of death from unnatural causes; my conclusion is that he died from natural causes and see nothing in the symptoms or postmortem to justify any other conclusion. Cross-examined.—Can not say from the hypothetical statement of the defence what disease the patient had; never saw a case of cerebro spinal meningitis. Miss Rose Potts, of Washington, was called and testified to her acquaintance with Mrs. Wharton and to her general reputation for kindness and humanity.

Mr. Thomas: "From your knowledge of the character of the accused do you believe her capable of committing the crime of murder?" The state objected and it was agreed that the counsel agree the point on the conclusion of the cross examination of Dr. W. H. Ballsell, who was next called and his cross examination concluded.

SPECIAL NOTICES.

WINTER-PROOF SYSTEMS.—Thick boots and flannels are necessary at this season, but the human frame requires something more than these to render it winter-proof. The inner man, as well as the outer surface of the body, must be protected. The raw, moist, child's winds which prevail at this season, transpire the warmest clothing, and are apt to effect the health unfavorably, both through the pores and the respiratory organs. The surest way to avert the evil is to strengthen the internal machine, and this enable it to repel the devitalizing influence of unwholesome weather. Enrich the blood, gently stimulate the circulation, regulate the bowels, invigorate the stomach, tone the liver, and brace the nerves with Hostetter's Stomach Bitters, and no condition of the atmosphere, however inclement, no variation of the barometer, no thermometer, however sudden, will have power to disorder the system thus fortified in advance, and put in perfect working order. Damp and cold, acting upon a sensitive or feeble organization, may produce consumption, rheumatism, neuralgia, dyspepsia, liver complaint, low nervous fever or intermittent fever; the importance of rendering the system impervious to these two destructive elements is therefore obvious. Persons in delicate health, or who are at all liable to be injuriously affected by atmospheric influences, should take the Bitters daily throughout the winter and spring. In this way dangerous disease may be warded off, and a condition of perfect health preserved by individuals of comparatively feeble physique, who, otherwise, are suffering the penalty of their weakness in hospitals and sick rooms.
